## ENGLISH COURSES

teaching project  
bachelors of engineering

2017/18

### Computer Science in Computer Engineering in Software Engineering

#### semester

1st	Linear Algebra [3] Physics [3] Introduction to Programming [3]
2nd	Statistics [3] Further Mathematics [3] Data Structures and Information [3]
3rd	Economics and Business [5] Program Development [3] Analysis and Design of Algorithms [3]
4th	Concurrent and Distributed Programming [3]
6th	Internet Programming [2] Distributed Computing [2] Processors Design [2] BCE BCE BSE BSE Network Architecture and Protocols [2] Design and Modelling of Software Systems [2]
7th	BCE BSE BSE Graphics Processing [2] Software Architectures for Enterprise Enviroments [2] Software Project Management [2]

### Sound and Image Engineering in Telecommunication

4th sem	Acoustical Physics [2]
6th sem	Studies and Certifications of Radioelectric Emissions [2]

### Civil Engineering

4th sem	Advanced Hydraulic [2]
7th sem	Environmental Pollution [2] Photogrammetry and Applied Cartography [2]
8th sem	Numerical Modelling of Geotechnical & Structural Problems [2] Architectural and Structural Surveys [2]

### Building Engineering

7th sem	Projects [2]
---------	--------------

odd semesters from September to January  
even semesters from February to June
